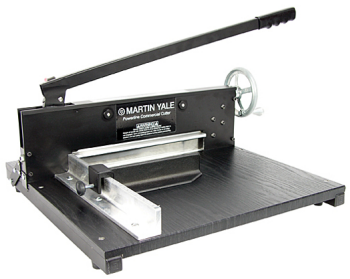
martin yale 7000E



The 7000E is ideal for photo shops, schools, small print shops, and businesses. It cuts a full 12? length or depth and a stack of 1 1/2? of 20 lb. paper (approximately 350 sheets). The paper stop is adjustable and a positive clamp that holds paper in place, which eliminates shifting and tearing. A safety blade latch prevents cutting until it has been released. The precise English and Metric rule guides will aid in accurate cutting.

- Includes all the heavy-duty features needed to cut large stacks of paper
- Heavy-duty wood base
- Convenient and easy to use
